Zhou Enlai: Diplomacy and Implementing It in Diverse Contexts — Foreign Policy Breakthroughs

Dorothy Hoodler 1986 Introduces The Life And Achievements Of The First Premier Of The People’s Republic Of China.

Notes From China Barbara W. Tuchman 2017-01-24 A journalistic tour de force, this wide-ranging collection by the author of the Pulitzer Prize-winning biography Stilwell and the American Experience in China is a classic in its own right. During the summer of 1972—a few short months after Nixon’s legendary visit to China—master historian Barbara W. Tuchman made her own trip to that country, spending six weeks in eleven cities and a variety of rural settlements. The resulting reportage was one of the first evenhanded portrayals of Chinese culture that Americans had ever read.

The resulting reportage was one of the first evenhanded portrayals of Chinese culture that Americans had ever read. Tuchman’s observations capture the people as they lived, from workers in the city and provincial party bosses to farmers, scientists, and educators. She demonstrates the breadth and scope of her expertise in discussing the alleviation of famine, misery, and exploitation; the distortion of cultural and historical inheritances into ubiquitous slogans; news media, schools, housing, and transportation; and Chairman Mao’s techniques for reasserting the Revolution. This edition also includes Tuchman’s “fascinating” (The New York Review of Books) essay, “If Mao Had Come to Washington in 1945”—a tantalizing piece of speculation on a proposed meeting between Mao and Roosevelt that would have changed the course of postwar history. “Shrewdly observed . . . Tuchman enters another plea for coolness, intelligence and rationality in American Asian policies. One can hardly disagree.”—The New York Times Book Review

Chou, the Story of Zhou Enlai, 1898-1976

Dick Wilson 2015-08-01 “Zhou Enlai was the most appealing of modern China’s leaders. Through three decades of war and upheaval in China before the communist revolution, and for almost thirty years after it, his influence was decisive in shaping the course of events. Yet, despite his public prominence, the real man remained elusive. This is the first fully comprehensive biography of Zhou to appear in the West. Dick Wilson has been collecting information on Zhou ever since his first encounter with the Chinese Premier in 1966. Drawing widely on documentary evidence, memoirs, anecdotes and interviews with eyewitnesses to Zhou’s career, he traces the intertwining personal and political strands of Zhou’s extraordinary life, showing how he came to embrace communism, and how he alone of Mao Zedong’s comrades survived in power.”—Book jacket.

Ronald C. Keith 1989-06-18 This book comprises a range of Chinese primary documents as well as interviews in Beijing detailing the policies, principles and methods used by Zhou Enlai to sustain his practice of diplomacy as a committed revolutionary in the pursuit of China’s ‘independence and self-reliance’. The Politics of History Howard Zinn 2012-08-01 This book presents a series of case studies and thought-provoking essays arguing for a radical approach to history and providing a revisionist interpretation of the historian’s role. In a new introduction, the author responds to critics of his original work and comments further on the radicalization of history.
