Franco's Internationalists

2018-01-16 NEW YORK TIMES BESTSELLER

Comprehensive, enlightening, and terrifyingly timely. The New York Times Book Review (Editors' Choice) MATT WINSTON "The Gulag惠州" WINSTON "One of the Best Books of the Year by the Washington Post" TIM - Foreign Affairs AFFAIRS • Harper - Martin Trump's presidency has raised a question that many of us never thought we'd be asking. Is our democracy in danger? Harvard professors Steven Levitsky and Daniel Ziblatt have spent more than twenty years studying the breakdown of democracies in Europe and Latin America, and they believe the answer is yes. Democracy as an electoral system is not a solution to any problem, a package deal with the winner, the law, weakness of critical institutions, such as the judiciary and the press, and the gradual erosion of long-standing political norms. The bad news is that, by affecting Trump, we have already passed the first one. Growing on decades of research and a wide range of historical and global examples, from 1940s Europe to contemporary Hungary, Turkey, and Venezuela, to the American South during Jim Crow, Levitsky and Ziblatt show how new democracies are on the rise and how the old can be fought. Praise for New Democracies: "What we desperately need is a sober, dispassionate look at the current state of affairs. Steven Levitsky and Daniel Ziblatt, two of the most respected political scientists working on democracy, have given us just that. Their book is a model both of principled engagement and historical analysis of both domestic and international democratic crises; in doing so, they expand the conversation beyond Trump and before his, to other countries and to the deep structure of American democracy and politics. F. Brando Nuñez, Yes "If you only read one book for the rest of the year, read your Democracy Daily... This is not a book for just Democrats or Republicans. It is a book for all Americans. It is nonpartisan. It is fact based. It is deeply rooted in history. . . . The best commentary on our politics, no contest." Michael Morrell, former Acting Director of the Central Intelligence Agency (via Twitter) "A smart and deeply informed book about the ways in which democracy is being undermined in dozens of countries around the world, and in ways that are perfectly legal."—Fareed Zakaria, CNN

José Carlos Mariátegui 2020-05-01 En un formidable esfuerzo de selección, Martín Bergel propone una sugestiva clave de lectura de un corpus que parece inabarcable: a contrapelo de una interpretación de Mariátegui que lo asimila a una tradición "nacional-popular", esta Antología recupera la riqueza de un pensamiento tan inabarcable: a contrapelo de una interpretación de Mariátegui que lo asimila a una tradición "nacional-popular", esta Antología recupera la riqueza de un pensamiento tan inabarcable: a contrapelo de una interpretación de Mariátegui que lo asimila a una tradición "nacional-popular", esta Antología recupera la riqueza de un pensamiento que contribuye a la convicción antiburguesa.
