The Washing Of The Spears- Donald R Morris 2017-07-06 In 1879, armed only with their spears, their rawhide shields, and their incredible courage, the Zulus challenged the might of Victorian England and, initially, inflicted on the British the worst defeat a modern army has ever suffered at the hands of men without guns. This is the definitive account of the rise of the Zulu nation under the great ruler Shaka and its fall under Cetshwayo. The story is studded with tales of drama and heroism: the Battle of Isandhlwana, where the Zulu army wiped out the major British column; and Rorke's Drift, where a handful of British troops beat off thousands of Zulu warriors and won eleven Victoria Crosses. Acclaimed for its scholarship, its monumental range, and its spellbinding readability, The Washing of the Spears is a gripping portrait of not just the Zulu War of 1879, but also of Britain’s colonial policy at this moment.

Bound by Love- Laura Mattoon D’Amore 2011-05-25 What does it mean to be bound by love? Sometimes, the bonds of love supply bliss,
and sometimes they demand sacrifice. Sometimes, experiencing love saves people, and sometimes it kills them. Being bound by love often engenders moral responsibility; in other cases, it enslaves and imprisons the soul. American mythologies—especially those presented in film and television—perpetuate love as the central narrative of one’s life; the search for a connection forged by love permeates every facet of human existence, from our desire to be accepted, or our longing to be needed, to our fury at being rejected. Sometimes love is the stuff of happiness, fulfilling in every regard. But there are also times when love makes us do things we should not do; sometimes it turns us into people we do not want to become. The commonality between love that satisfies and love that destroys is the bond between people who open themselves to the vulnerability of love. Examination of the theme of familial bonds in film and television explores how the process of forming and maintaining those bonds complicates, revises, and reproduces ideas about love. The chapters in this book explore how the nature of bonds and familial responsibility inform a popular cultural dialogue about the changing nature of the American family over the past sixty years.

Gone are the days of expensive data centers, racks of disk drives, and large IT support teams. In their place are software applications delivered to users on demand from the cloud, high-capacity, auto-replicated, secure cloud-based disk-storage and databases, virtualized-server and desktop environments, and cloud-based collaboration tools which support on-premise-, remote-, and hybrid-team success. Working Backwards - Colin Bryar 2021-02-09 Working Backwards is an insider's breakdown of Amazon's approach to culture, leadership, and best practices from two long-time Amazon executives. Colin started at Amazon in 1998; Bill joined in 1999. In Working Backwards, these two long-serving Amazon executives reveal and codify the principles and practices that drive the success of one of the most extraordinary companies the world has ever known. With twenty-seven years of Amazon experience between them, much of it in the early aughts—a period of unmatched innovation that brought products and services including Kindle, Amazon Prime, Amazon Studios, and Amazon Web Services to life—Bryar and Carr offer unprecedented access to the Amazon way as it was refined, articulated, and proven to be repeatable, scalable, and adaptable. With keen analysis and practical steps for applying it at your own company—no matter the size—the authors illuminate how Amazon’s fourteen leadership principles inform decision-making at all levels and reveal how the company’s culture has been defined by four characteristics: customer obsession, long-term thinking, eagerness to invent, and operational excellence. Bryar and Carr explain the set of ground-level practices that ensure these are translated into action and flow through all aspects of the business. Working Backwards is a practical guidebook and a corporate narrative, filled with the authors’ in-
the-room recollections of what “Being Amazonian” is like and how it has affected their personal and professional lives. They demonstrate that success on Amazon’s scale is not achieved by the genius of any single leader, but rather through commitment to and execution of a set of well-defined, rigorously-executed principles and practices—shared here for the very first time.

**An African Elegy**-Ben Okri 2015-04-30 Dreams are the currency of Okri's writing, particularly in this first book of poems, An African Elegy, but also in his books of short stories and prize-winning novel The Famished Road. Okri's dreams are made on the stuff of Africa's colossal economic and political problems, and reading the poems is to experience a constant succession of metaphors of resolution in both senses of the word. Virtually every poem contains an exhortation to climb out of the African miasma, and virtually every poem harvests the dream of itself with an upbeat restorative ending' - Giles Foden, Times Literary Supplement

**Cry, the Beloved Country**-Alan Paton 2003-11-25 An Oprah Book Club selection, Cry, the Beloved Country, the most famous and important novel in South Africa’s history, was an immediate worldwide bestseller in 1948. Alan Paton’s impassioned novel about a black man’s country under white man’s law is a work of searing beauty. Cry, the beloved country, for the unborn child that is the inheritor of our fear. Let him not love the earth too deeply. Let him not laugh too gladly when the water runs through his fingers, nor stand too silent when the setting sun makes red the veld with fire. Let him not be too moved when the birds of his land are singing, nor give too much of his heart to a mountain or valley. For fear will rob him of all if he gives too much. The eminent literary critic Lewis Gannett wrote, “We have had many novels from statesmen and reformers, almost all bad; many novels from poets, almost all thin. In Alan Paton’s Cry, the Beloved Country the statesman, the poet and the novelist meet in a unique harmony.” Cry, the Beloved Country is the deeply moving story of the Zulu pastor Stephen Kumalo and his son, Absalom, set against the background of a land and a people riven by racial injustice. Remarkable for its lyricism, unforgettable for character and incident, Cry, the Beloved Country is a classic work of love and hope, courage and endurance, born of the dignity of man.

it here, " Whitney said and took the pill from her friend. She did not want, her friend to think she was scared, but on the inside she was nervous. She knew that Ecstasy was a drug, and she had been told that drugs are bad for you. But now that she faced this moment, and had to decide for herself she wavered. Shouldn't she maybe try it just once? Surely one tablet could not do much harm? Whitney faces the challenges of high school and finds that she has some of the toughest decisions of her life to make. Friendship, peer pressure, self-esteem and popularity - all these topics come into play as her friend Lindiwe gets involved with a boyfriend who introduces her to smoking, drugs, parties and gangs. Whitney has a critical choice to make. Join her friend and go along with the parties and drug scene, or say no and risk losing her best friend and her popularity? The choice she makes plunges her into an epic adventure and results in a life-or-death chase that will keep teenagers turning the pages to find out what will happen next. Join Whitney as she comes face to face with the ugly underbelly of her neighbourhood - a world of gangs, drug abuse, kidnapping, corruption and murder. The only question is - will she escape? Janey the Vet: Janey Lowes 2020-03-19 'Janey is like a whirlwind of selflessness. A beautiful spirit in a beautiful country doing a beautiful thing. I encourage my children to be more 'Janey'. With more positive spirits like Janey, the world would be a better place.' - Ben Fogle In 2014 and in her mid-twenties, Janey Lowes had been a vet for just two years when she left her home in County Durham and went travelling. Visiting Sri Lanka, she was horrified to see the state of so many of the island's dogs, in particular the three million strays. Over 5,000 miles from home, Janey decided there and then that she was going to move to the island indefinitely and do everything within her power to help them. She raised £10,000 to get started, setting up a charity called WECare Worldwide, and began work. Frightened, determined and excited all at the same time, she found a local who was willing to work with her and began scouring the streets for dogs in need. Some she patched up as best she could at the roadside, others she brought back and treated in a make-shift surgery she had cobbled together in her new home. With very little equipment, she and her small team came up with new and ingenious ways to treat the animals. In this highly inspiring and heartfelt book full of challenges and adventure, Janey introduces us to her world and the tireless work she carries out. As she says, 'I feel as though all these dogs are my dogs and I have a responsibility to them.' In it, we meet many of the colourful characters who have come to offer help, along with innumerable street dogs who have suffered all sorts of trauma and injury, only to be scooped up by Janey and her team and saved.

Re-living the Second Chimurenga - Fay Chung 2006

This retrospective offers a first hand account on internal conflicts in ZANU during the 1970s, which resulted in the defeat of its left wing. Chung's narratives include her experiences in two guerrilla camps. She recalls her encounters with the charismatic Josiah Tongogara, a legendary military commander during Zimbabwe's liberation war (known as the second chimurenga), who died at the threshold to Independence. The personal recollection of a transition to national sovereignty concludes with an incisive analysis of developments after Independence. It ends with Chung's vision for the Zimbabwe of the future. Fay Chung served within the Ministry of Education in post-colonial Zimbabwe for a total of fourteen years, at the end as the Minister of Education and Culture. Her autobiographical account has the childhood experiences in colonial Rhodesia as a point of departure. Like many other Zimbabwean intellectuals she joined the liberation struggle. From the mid-1970s she worked within the ZANU-organised educational sphere.
