I was under obligation and indebted to share; I cannot keep it to myself; it burns in my bones. I will also like to use this as a means of restoring the souls of those who have fallen away due to this global deception of T.B. Joshua. This is purely to EDUCATE people and to give ALL THE GLORY back to God, for His Amazing Saving Grace, His constant Love and His abiding Presence. She said, “If I were to leave this world today, I would rather go home than to stay here, like T.B. Joshua.”

The Freakonomics of math—a math-world superstar unveils the hidden beauty and logic of the world and puts its power in our hands

The math we learn in school can seem like a dull set of rules, laid out to make our studies easier. But author Jordan Ellenberg, in this book, shows how the math world is full of beauty and joy. He explains how the ideas of math are not just useful, but actually make our world better. We learn how math helps us understand the world, and how it can help us solve problems. This book is truly a fascinating read for anyone who wants to understand more about the math that surrounds us.
