The Danish Way of Parenting is David Ebershoff 2015-12-01 Starring Academy Award-winner Eddie Redmayne and directed by Academy Award-winner Tom Hooper, this major motion picture portrays an unforgettable celebration of love. It starts with a question, a simple favour asked by a wife of her husband, setting off a transformation neither can anticipate. Einar Wegener and his American wife Greta Waud have been married for six years, but are yet to have a child. Both painters, they live a life of bohemian languor in Copenhagen until one day their lives are irreversibly altered. The Danish Girl eloquently portrays the unique intimacy that defines every marriage and the remarkable story of Lili Elbe, a pioneer in transgender history, and the woman torn between loyalty to her marriage and her own ambitions and desires. The Danish Girl’s lush prose and generous emotional insight make it, after the last page is turned, a deeply moving first novel about one of the most passionate and unusual love stories of the 20th century.

The 19th Wife

David Ebershoff 2009-06-02 It is 1875, and Ann Eliza Young has recently separated from her powerful husband, Brigham Young, prophet and leader of the Mormon Church. Expelled and on an outcast, Ann Eliza embarks on a crusade to end polygamy in the United States. A rich account of her family’s polygamous history is revealed, including how both she and her mother became plural wives. Yet soon after Ann Eliza’s story begins, a second exquisite narrative unfolds—a tale of murder involving a polygynist family in present-day Utah. Jordan Scott, a young man who was thrown out of his fundamentalist sect years earlier, must reenter the world that cast him aside in order to discover the truth behind his father’s death. And as Ann Eliza’s narrative intertwines with that of Jordan’s search, readers are pulled deeper into the mysteries of love, family, and faith.

Pasadena

David Ebershoff 2010-02-17 From the award-winning author of The Danish Girl and The Rose City, Pasadena tells the story of Linda Stamp, a fisherlady born in 1903 on a coastal onion farm, and the three men who change her life: her jealous brother, Edmund; Bruder, the orphan Linda’s father brings home from World War I, and a Pasadena orange rancher named Willio Poe. The novel spans Linda’s adventurous and romantic life, weaving the tales of her Mexican mother and her German-born father with those of the rural Pacific Coast of her youth and of the small, affluent city, Pasadena, that becomes her home. Pasadena is a novel of passion and history, about a woman and a place in perpetual transformation.

Transsecology

Douglas A. Vakoch 2020-06-10 There is a growing recognition of the importance of transgenders perspectives about the environment. Unlike more established approaches in the environmental humanities and queer studies, transsecology is a nascent inquiry whose significance and scope are only just being articulated. Drawing upon the fields of gender studies and ecological studies, contributors to this volume engage major concepts widely used in both fields as they explore the role of identity, exclusion, connection, intimacy, and enmeshment to understand our relationship to nature and environment. The theorists and ideas examined across multiple chapters include Stacy Alaimo’s notion of “transcorporeality” as a “contact zone” between humans and the environment, Timothy Morton’s concept of “mesh” to explore the interconnectedness of all beings, Susan Stryker’s notion of trans identity as “ontologically inescapable,” Catriona Mortimer-Sandilands and Bruce Gilley’s analysis of gender as “performative”—with those who are not “properly gendered” being seen as “objects”—and Julia Serano’s contrasting rejection of gender as performance. Transsexology: Transgender Perspectives on Environment and Nature will be of great interest to scholars, graduate students, and advanced undergraduates in transgender studies, gender studies, ecocriticism, and environmental humanities.

Nobody’s Perfect-Anthony Lane 2008-09-19 Anthony Lane on Con Air– “Advance word on Con Air said that it was all about an airplane with an unusually dangerous and potentially lethal load. Big deal. You should try the lunches they serve out of Newark. Compared with the chicken napale i ate on my last flight, the men in Con Air are about as dangerous as balloons.” Anthony Lane on The Bridges of Madison County— “I got my copy at the airport, behind a guy who was playing Boyton’s Book of Lingerie, and I think he had the better deal. He certainly looked happy with his purchase, whereas I had to ask for a paper bag.” Anthony Lane on Martha Stewart— “Super-skilled, free of fear, the last word in human efficiency, Martha Stewart is the woman who convinced a million Americans that they have the time, the means, the right, and—damn it—the duty to pipe a little squirt of soft cheese into the middle of a snow pea, and to continue piping until there are ‘fifty or sixty peas’ in the pot. It is a simple, snowy pleasure.” Anthony Lane wrote a mercurial and maddening sister. He was, in short, a planner, and an inveterate planner... Anthony Lane has delighted New Yorker readers with his film reviews, book reviews, and profiles that range from Buster Keaton to Vladimir Nabokov to Ernest Shackleton. Nobody’s Perfect is an unforgettable collection of Lane’s trademark wit, satire, and insight that will satisfy both the long addicted and the not so familiar.

The writer Tobias Oates wants to possess his soul through hypnosis. But Maggs is obsessed with a plan of his own. The Danish Girl

Louisa Thomsen Brits 2015 Hygge is a word that has been sifted to the surface in recent years but it's not a new concept. The Danes have enjoyed hygge for hundreds of years. They are measured as one of the happiest nations in the world. But at the heart of Danish life and at the core of hygge, is a quality that is less easy to quantify than contentment. In Denmark, hygge is a significant presence in the everyday life of everything habitual and ritualistic. Hygge is a quality of presence, a feeling of togetherness, an experience of shelter and wellbeing. It is a practical, easy antidote to consumerism, a way of belonging to the moment and to each other. There's no secret formula or single recipe but there are simple ways to create more hygge in our lives. This book is an introduction to hygge, a careful look at the way of life that underpins it and a comprehensive guide to all the elements that can come together to evoke it.

The Copenhagen Trilogy — Tove Ditlevsen 2021-01-26 Called "a masterpiece" by The New York Times, the acclaimed trilogy from Tove Ditlevsen, a pioneer in the field of genre-bending confessional writing, is today celebrated as one of the most important and unique voices in twentieth-century Danish literature, and The Copenhagen Trilogy (1969–71) is her acknowledged masterpiece. Childhood tells the story of a misfit child’s single-minded determination to become a poet. Youth describes her early experiences of sex, work, and independence. Dependency picks up the story as the narrator embarks on the first of her four marriages and goes on to describe her horrible descent into drug addiction, enabled by her sinister, gaslighting doctor-husband. Throughout, the narrator grapples with the tension between her vocation as a writer and her competing roles as daughter, wife, mother, and drug addict, and she writes about female experience and identity in a way that feels very fresh and pertinent to today’s discussions around feminism. Ditlevsen’s trilogy is remarkable for its intensity and its immersive depiction of a world of complex female friendships, family and growing up—in this sense, it’s Copenhagen’s answer to Elena Ferrante’s Neapolitan Novels. She can also be seen as a spiritual forerunner of confessional writers like Karl Ove Knausgaard, Annie Ernaux, Rachel Cusk and Deborah Levy. Her trilogy is drawn from her own experiences but reads like the most compelling kind of fiction. Born in a working-class neighborhood in Copenhagen in 1917, Ditlevsen became famous for her poetry while still a teenager, and went on to write novels, stories and memoirs before committing suicide in 1976. Having been dismissed by the critical establishment in her lifetime as a working-class, female writer, she is now being rediscovered and championed as one of Denmark’s most important modern authors, with “Tove fever” gripping readers.

Yes please!” — Crime Reads When a student disappears and is presumed dead, her professor passes off her manuscript as his own—only to find out it implicates him in an unsolved murder in this new thriller from the USA Today bestselling author of The Request. After years of struggling to write following the deaths of his wife and son, English professor Connor Nye publishes his first novel, a thriller about the murder of a young woman. There’s just one problem: Connor didn’t write the book. His missing student did. And then she appears on his doorstep, alive and well, threatening to expose him. Connor’s problems escalate when the police insist details in the novel implicate him in an unsolved murder from two years ago. Soon Connor discovers the crime is part of a disturbing scandal on campus and faces an impossible dilemma—admit he didn’t write the book and lose his job or keep up the lie and risk everything. When another murder occurs, Connor must clear his name by unraveling the horrifying secrets buried in his student’s manuscript. This is a suspenseful, provocative novel about the sexual harassment that still runs rampant in academia—and the lengths those in power will go to cover it up.

us. It lives inside workaholics, tattoo enthusiasts, and all manner of garden variety pain-seekers. At its core, masochism is about feeling bad, then better—a phenomenon that is long overdue for a heartfelt and hilarious investigation. And Leigh Cowart would know: they are not just a researcher and science writer—they’re an inveterate, high-sensation seeking masochist. And they have a few questions. Why do people engage in masochism? What are the benefits and the costs? And what does masochism have to say about the human experience? By participating in many of these activities themselves, and through conversations with psychologists, fellow scientists, and people who seek pain for pleasure, Cowart unveils how our minds and bodies find meaning and relief in pain—a quirk in our programming that drives discipline and innovation even as it threatens to swallow us whole.
