Food security - Wikipedia
Food security is the assurance of the availability of food and individuals' ability to access it. According to the United Nations' Committee on World Food Security, food security is defined as meaning that all people, at all times, have physical, social, and economic access to sufficient, safe, and nutritious food that meets their food preferences and dietary requirements.

Food security, as defined by the United Nations' Committee on World Food Security, means that all people, at all times, have physical, social, and economic access to sufficient, safe, and nutritious food that meets their food preferences and dietary requirements.

What is Human Security? – The Human Security Unit
WHAT IS HUMAN SECURITY. For many people, today's world is an insecure place, full of threats on many fronts. Protracted crises, violent conflicts, natural disasters, persistent poverty, and loss of ecosystems are all daily reminders of the vulnerability of human beings. It is often hard to imagine a more secure world. But progress is being made, and the potential for increased security is greater than ever before.
