It was the hour of Germany's deepest humiliation, when Napoleon has dismembered the old German Empire and French soldiers occupied almost the whole of Germany. The books narrates how Hitler was arrested with several of his comrades and imprisoned in the fortress of Landsberg on the river Lech. During this period only the author wrote the first volume of MEIN KAMPF. The second volume of MEIN KAMPF was written after release of Hitler from prison and it was published after the French had left the Ruhr, the tramp of the invading armies still echoing in German ears and the terrible ravages had plunged the country into a state of social and economic Chaos. The beauty of the book is, MEIN KAMPF is an historical document which bears the imprint of its own time. Moreover, Hitler has declared that his acts and "public statements" constitute a partial revision of his book and are to be taken as such. Also, the author has translated Hitler's ideal, the Volkscher Staat, as the People's State. The author has tried his best making German vocabulary easy to understand. You will never be satisfied until you go through the whole book. A must read book, which is one of the most widely circulated and read books worldwide.

Soldiers and Warriors	Jack Coggins 2006-10-06 This crackling survey of military might from ancient Egypt to the modern era spotlights frontline foot soldiers and their weapons, uniforms, tactics, and training. 250 black-and-white illustrations.

The Ministry of Healing	Ellen Gould Harmon White 1905
An Oration, pronounced July 4, 1804 at the request of the select men of the Town of Boston, in commemoration of the anniversary of American Independence

The Hundred-Year Marathon	Michael Pillsbury 2015-02-03 One of the U.S. government’s leading China experts reveals the hidden strategy fueling that country’s rise—and how Americans have been seduced into helping China overtake us as the world’s leading superpower. For more than forty years, the United States has played an indispensable role helping the Chinese government build a booming economy, develop its scientific and military capabilities, and take its place on the world stage, in the belief that China’s rise will bring us prosperity and peace. But what if the “China Dream” is to replace us, just as America replaced the British Empire, without firing a shot? Based on interviews with Chinese defectors and newly declassified, previously undisclosed national security documents, The Hundred-Year Marathon reveals China’s secret strategy to supplant the United States as the world’s dominant power, and to do so by 2049, the one-hundredth anniversary of the founding of the People’s Republic. Michael Pillsbury, a fluent Mandarin speaker who has served in senior national security positions in the U.S. government since the days of Richard Nixon and Henry Kissinger, draws on his decades of contact with the “hawks” in China’s military and intelligence agencies and translates their documents, speeches, and books to show how the teachings of traditional Chinese statecraft underpin their actions. He offers an inside look at how the Chinese really view America and its leaders—as barbarians who will be the architects of their own demise. Pillsbury also explains how the U.S. government has helped “sometimes unwittingly and sometimes deliberately” to make this “China Dream” come true, and he calls for the United States to implement a new, more competitive strategy toward China as it really is, and not as we might wish it to be. The Hundred-Year Marathon is a wake-up call as we face the greatest national security challenge of the twenty-first century.

Asian Interventions in Global Shakespeare	Poonam Trivedi 2020-11-16 This volume critically analyses and theorises Asian interventions in the expanding phenomenon of Global Shakespeare. It interrogates Shakespeare’s ‘universalism’ from Asian perspectives: how this has been modified or even replaced by the ‘global bard’ as a recognizable brand, and how Asian Shakespeareans have contributed to or subverted this process by both facilitating the worldwide dissemination of the bard’s plays and challenging and resisting the very templates through which they become globally legible. Critically acclaimed Asian productions have prominently figured at premier Western festivals, and popular Asian appropriations like Bollywood, manga and anime have created new kinds of globally accessible Shakespeare. Essays in this collection engage with the emergent critical issues: the efficacy of definitions of the ‘local,’ ‘global’, ‘transnational’ and ‘cosmopolitan’ and of the liminalities and mobilities in between. They further examine the politics of ‘West’ and ‘East’, the evolving markers of the ‘Asian’ and the equation of the ‘glocal’ with the ‘Asian’; they attend to performance and archiving protocols and bring the current debates on translation, appropriation, and world literature to speak to the concerns of global and transnational Shakespeare. These investigations analyse recent innovative Asian theatre productions, popular cinematic and manga appropriations and the increasing presence of Shakespeare in the Asian digital sphere. They provide an Asian standpoint and lens in reseaching the processes of cultural globalisation and the mobilisation of Shakespeare.
