What do you do when you find out your whole life was a lie? That your husband really wasn’t your husband but someone else’s. That the vows you made to each other were simply empty promises. You pick up and move to the country to start fresh. When life hands you limes, you make sure you have tequila because your life is about to get stirred up.

The First Love Story
Bruce Feiler 2018-03-20
An exploration of the way Adam and Eve introduced the idea of love into the world, and how they continue to shape our deepest feelings about relationships, family, and togetherness. Since antiquity, Adam and Eve have stood at the center of every conversation about men and women. Yet instead of celebrating them, history has blamed them for bringing sin, death, and discord into the world. In this fresh retelling of their story, Bruce Feiler travels from the Garden of Eden in Iraq to the Sistine Chapel in Rome, discovering how Adam and Eve should be hailed as exemplars of a long-term, healthy, resilient relationship. From the dawn of time and over the strength of our social fabric, Feiler shows how human history’s first couple can again be role models for unity, forgiveness, and love.
