The Rise Of Nationalism In Europe Class 10 Notes

Religion and the Rise of Nationalism

Religion was a major force in the development of nationalism. The spread of Christianity during the Middle Ages helped to create a sense of community among Christians. The Church also played a role in shaping national identities. In the 15th and 16th centuries, the Protestant Reformation divided Europe into Protestant and Catholic nations. The Reformation helped to strengthen national identities and increased the importance of the nation-state. The Church also played a role in shaping national identities through the use of language. The Church used Latin as its official language, but the spread of vernacular languages in the 15th and 16th centuries helped to create a sense of national identity.
