Walking through various paths of life, everyone has a bunch of stories in his or her life. Among those, some stories are shared & some secret stories are best kept hidden. Though we never speak of life, when we look back into it, we find it as a book of such experiences. If we can imagine then we will find that we go through different types of books as different persons, in our day to day life. Friendship, Love, Success, Failure, Betrayal, Jealousy are the co-passengers in this journey, which come from different phases of our life & affect our journey with their perceptions. At the dawn of our life, we are kids and every experience is a story for us. When we grow up, we begin to understand the importance of relationships & that love is the most important relationship in our life. Slowly, we start to understand the importance of failure & the importance of success & the importance of jealousy & the importance of betrayal. When we are old, we look back into our life & we find that we have written a book of our life, a book of our life experiences. We find that our life is a story, a story of our life experiences. We find that our life is a book, a book of our life experiences. We find that our life is a journey, a journey of our life experiences. We find that our life is a adventure, an adventure of our life experiences. We find that our life is a challenge, a challenge of our life experiences. We find that our life is a test, a test of our life experiences. We find that our life is a trial, a trial of our life experiences. We find that our life is a trial, a trial of our life experiences. We find that our life is a test, a test of our life experiences. We find that our life is a challenge, a challenge of our life experiences. We find that our life is an adventure, an adventure of our life experiences. We find that our life is a journey, a journey of our life experiences. We find that our life is a book, a book of our life experiences. We find that our life is a story, a story of our life experiences. We find that our life is a challenge, a challenge of our life experiences. We find that our life is a test, a test of our life experiences. We find that our life is a trial, a trial of our life experiences. We find that our life is a trial, a trial of our life experiences. We find that our life is a test, a test of our life experiences. We find that our life is an adventure, an adventure of our life experiences. We find that our life is a journey, a journey of our life experiences. We find that our life is a book, a book of our life experiences. We find that our life is a story, a story of our life experiences.
I am M. D. I am the author of the first scientific theory of psyche and psyche disorders, according to which a key event in the development of the human psyche and in such difficult moments of your life. Crucial are 7 first days after the separation/break with a beloved person. If you follow this Guide step by step you will survive and come back to a normal and psychiatric hospital. And conversations with a psychologist are not of course sufficient for an urgent and in many cases life threatening moments (the risk of suicide). This Guide will let you survive psyche crisis. Even if the suffering is extreme, sometimes even dangerous for the vital survival, people in such a heart trouble do not judge they are psychiatric patients to look for urgent help in a comes to a very severe psyche crisis when the separation and especially definitive break in a relationship happens. Unfortunately there are hardly any systemic solutions in our societies for this kind of...
its disorders is anxiety. My Anxiety Theory of the psyche gave me the tools to work as psychiatrist, due to which many people suffering from psyche problems who met me along the way, could recover mental well-being without “psychiatric extermination camps”, for which I consider psychiatric hospitals or many people could go home quickly, like from the biblical “house of bondage.” Many could avoid taking psychotropic drugs or could get advice on how to do without them or stop them. Finally, a number of them avoided the devastating “psychotherapies” based on no scientific grounds.
