Catiline Henrik Ibsen 2018-06-25 Catiline A Drama in Three Acts Henrik Ibsen

Catilina or Catilina was Henrik Ibsen's first play. It was written during winter 1848-49 and first performed under Ibsen's name on December 3, 1881 at the Nya Teatern (New Theater), Stockholm, Sweden. The first Norwegian performance under Ibsen's name was at Det Nye Teater in Oslo on August 24, 1935. Forced to support himself after his father declared bankruptcy, Ibsen went to Grimstad as a pharmacist's apprentice. There he prepared himself for university and entered law school. 1849 marked the beginning of Henrik Ibsen's rise to fame, passionately drawn into the Catilina orations, famous speeches by Cicero against the elected questor Catiline and his conspiracy to overthrow the republic. Ibsen chose this famous conspirator as the subject for his initial effort, finishing Catilina in 1849. Henrik Ibsen expresses in the prologue to the second edition that he was profoundly moved by the contemporary tempestuous political situation of Europe, especially he favours the Magyar uprising against the Habsburgian empire. He explains in the prologue to the second edition written in February 1875, that the case of Catilina had special interest for him, because, as he writes, "the example of the historical, fictional, or mythical figures, whose memory has been more entirely in the possession of its conquerors, than Catilina." Thus, Catilina can be read as one of Ibsen's heroes, alongside Brand and Gershin Wiese.

Ibsen's Poems Henrik Ibsen 1986 Henrik Ibsen's poetry has not until now been widely accessible in translation, which is remarkable considering that several of the poems are closely related to his famous plays. Northman, an eminent Ibsen scholar, offers versions of 1899 edition of Ibsen's Poems, as well as his Selected Poems 1848-72, published in 1902. Professor Northam's sensitive translations reproduce the metrical form of Ibsen's originals and he provides extensive commentary in the form of headnotes for each poem and an introduction where he discusses the development of Henrik Ibsen's mature poetic work. The Columbia Guide to Contemporary American Fiction Carol Barrow Carr 2005-12-06 In both the literal and metaphorical senses, it seemed as if 1970s America was running out of gas. The decade not only witnessed long lines at gas stations but a citizenry that had grown weary and disillusioned. High unemployment, inflation, and racial unrest threatened to overwhelm the economy. The oil crisis of 1973 severely damaged the U.S. economy and on Arab oil, characterized an increasingly bleak economic situation. As Edward D. Berkowitz demonstrates, the end of the postwar economic boom, Watergate, and defeat in Vietnam led to an unraveling of the national consensus. During the decade, ideas about the United States, how it should be governed, and how its economy should be managed changed dramatically. Berkowitz argues that the postwar faith in sweeping social programs and a global U.S. mission was replaced by a more skeptical attitude about government's ability to enact significant social progress. From Woody Allen to Watergate, from the decline of the steel industry to the rise of Bill Gates, and from Saturday Night Fever to the Sunday morning fervor of evangelical preachers, Berkowitz captures the history, tone, and spirit of the seventies. He explores the decade's major political events and movements, including the rise and fall of [28] tent congressional reform, changes in healthcare policies, and the hostage crisis in Iran. The seventies also gave birth to several social movements and the "rights revolution," in which women, gays and lesbians, and people with disabilities all successfully fought for greater legal and social recognition. At the same time, reaction to these social movements as well as the issue of abortion introduced a new facet into American political life-the rise of powerful, politically conservative religious organizations and activists. Berkowitz also considers important shifts in American popular culture, recounting the creative renaissance in American film as well as the birth of the Hollywood blockbuster. He discusses how television programs such as All in the Family and Charlie's Angels offered Americans both a reflection of and an escape from the problems gripping the country. The Soul of Film Theory S. Cooper 2013-05-30 In this innovative book, Sarah Cooper revisits the history of film theory in order to bring to the fore the neglected concept of the soul and to trace its changing fortunes. The Soul of Film Theory charts the legacy of this multifaceted, contested term, from the classical to the contemporary era.

Terje Vigen Henrik Ibsen 2020-12-04
Henrik Ibsen is known as one of the four great Norwegian writers, and his poem “Terje Vigen” ranks among his notable works. The poem is believed to have been inspired by verbal accounts that Ibsen got during the time he lived in Grimstad in his youth. Verbal accounts about the hardships the people in the area had to suffer during the Napoleonic wars, when British ships sieged Norwegian ports. The blockade lasted from 1807 to 1814, and brought poverty to Norway. A poverty which caused people to start dying from starvation. The dire circumstances even compelled many impoverished Norwegians to row over to Denmark to get food, in order to save themselves and their families from starvation. Many of whom were captured and imprisoned. This forms well-known historical facts. The poem revolves around these historical facts. It tells a tale about how the common and poor Norwegians were impacted by these events. In the poem, Terje Vigen must row to Denmark in order to provide the life-saving food his family needs. But as he is about to arrive home in Norway on his way back, he is captured by a patrolling ship, and taken prisoner in England. Terje Vigen spends five years in prison, and when he gets back to Norway afterwards, he learns what has happened to his family while he was in prison. Later in the poem, Terje Vigen encounters the captain of the ship that took him captive, and Terje gets a chance to take revenge for the losses and grievances the imprisonment imposed on him. Though this poem is based on real life events, there exists no solid proof that a man named Terje Vigen ever existed who did all the things accounted for in the poem. The poem must therefore, even if it is based on knowledge of real-life events, be categorized as a fictional work of literature. But even if this work of literature remains a fictional one, it nonetheless provides an opportunity to imagine how life was for some of the people impacted by this event in history. And if we further keep in mind that life in Norway, for the majority of the population, throughout centuries has been a life of mere subsistence, we can let ourselves be persuaded that this poem not only provides an artistic rendition of the life and events of the possibly fictitious Terje Vigen and those taking part in the poem in particular, but paints a picture of life as it historically has been for many Norwegians in general.
